## **I got time**

I got time to listen to a bird's song.  
I got time to watch a flower grow.  
While my neighbour's working in the garden  
I just sit and let the minutes flow.

I got time to think about existence.  
I got time to feel inside my mind.  
While outside the world is getting faster.  
I am slowing down, I stay behind.

You may say I waste my time – and you may be right!  
You may say I waste my life – but I'm feeling fine.

I got time to spend time with my daughter.  
We play cards or laugh about cartoons.  
Hours pass and I forget my duties.  
I just know there's so much more to do.

You may say I waste my time – and you may be right!  
You may say I waste my life – but I'm feeling fine.

I got time to dream about the future.  
I got time to reflect on the past.  
And I'm sitting right here in the present  
Just as long as I can make it last.

I got time to worry bout my sister.  
I got time to hold her when she cries.  
When there is no SMS-solution  
It takes time to strengthen our ties.

You may say I waste my time – and you may be right!  
You may say I waste my life – but I'm feeling fine.  
You can't say I waste my life – cause I'm feeling fine.
